The CALPADS Work-Based Learning Extract reports work-based learning completion information for students in grades 9-12, based on entries on the [Student Work-Based Learning](#) tool.

*CALPADS Work-Based Learning Extract*

## Report Logic

In order to be included in the extract, students must be enrolled in the selected calendar and be in grades 9-12. The extract can be run against the current active year or the prior year.

## Operational Key

- School of Attendance (field 5)

- Academic Year ID (field 7)

## Non-Binary Gender Reporting

Schools can assign students a gender of M: Male, F: Female or X: Non-binary. This is done on the [Identities](#) tool and/or the [Demographics](#) tool.

CALPADS Extracts use the Legal Gender field included in the Protected Identity Information to report student identity information.

To properly record a gender of X: Non-Binary, on the Identities tool:

1. Assign the **Gender of X: Non-Binary** in the standard identify fields.
2. Assign the **Protected Identity Information Legal Gender** field to either M: Male or F: Female.
3. Save the record when finished.
