Report Logic

One record per student who has an enrollment in the selected calendar(s) at any time during the reporting period (entered Start and End Dates on the Report Editor) are included. If a student has more than one enrollment, only one record reports.

Parent/Guardian and Address information reports as follows:

- The Primary and current Household is determined first.
- The current address reports from the primary and current household.
- The individual marked as Guardian in that primary and current household who has the lowest personID reports as the Guardian on the report.

The Primary Parent/Guardian First Name, Primary Parent/Guardian Last Name, and Primary Parent/Guardian Telephone Number fields report even when a student's household does NOT have an address.

Students are not included when:

- The enrollment record is marked as No Show or as State Exclude.
- The grade level of enrollment is marked as State Exclude.
- The calendar of enrollment is marked as State Exclude.
