Title 1 is a federally funded program designed for the academic achievement of the disadvantaged student. For a student to participate in Title 1 Services, the school must be marked as a Title 1 school on the School editor. This information is reported in the Data Pipeline Title 1 Extract.

See the core Title 1 article for information on necessary tool rights, available Ad hoc fields, and guidance on adding and printing Title 1 records.

## Add a Title 1 Service Record

- 1. Verify the school selected in the Campus toolbar is correct.
- 2. Select the **Add Title 1 Service** icon. A Title 1 editor displays.
- 3. Enter the **Start Date** of the student's **Title 1** services.
- 4. Mark the appropriate **Instructional Services** and **Support Services** for the selected student.
- 5. Click the **Save** icon when finished. The entry displays in the Title 1 Services list, with an indication of the number of services for that student at that school.

Title 1 Services Entry

Any number of services can be marked for a given record. One Title 1 Service entry, regardless of the number of services marked, is considered a service.

If a service in one entry ends but the rest of the services are still active, end that record and enter a new one. This way, there is always a record that the student received the ended service at some point during the year.

## **End a Title 1 Service Record**

- 1. Select the Title 1 Service Record to end from the Title 1 Services list.
- 2. Enter an End Date indicating when the service ended for the student.
- 3. Click the Save icon when finished. The record displays in the Title 1 Services list with the entered End Date.
