The Student Participation End of Year report collects information on the services students in Special Education receive. See the [Colorado Special Education](#) articles for more information.

Unless noted otherwise, data reports from the student's most recent enrollment closest to the end date of report generation.

The screenshot shows the 'SPED IEP Interchange' report configuration page in Infinite Campus. The page title is 'SPED IEP Interchange ☆' with a breadcrumb trail: 'Reporting > CO Data Pipeline > SPED IEP Interchange'. Below the title is a blue header bar with the text 'SPED IEP Interchange'. A message states: 'This tool will extract data to complete the Special Education IEPs Interchange files.'

The configuration area is divided into two main sections:

- Extract Options:**
 - 'Which report would you like to run?' is set to 'Student Participation End of Year'.
 - 'Ad Hoc Filter' is an empty dropdown menu.
 - 'StartDate' is '07/01/2020' and 'EndDate' is '06/30/2021', both with calendar icons.
 - 'Report Legal Name' is an unchecked checkbox.
 - 'Format' is set to 'CSV'.
 - Buttons: 'Generate Extract' and 'Submit to Batch'.
- Select Calendars:**
 - 'Which calendar(s) would you like to include in the report?' has three radio button options: 'active year' (selected), 'list by school', and 'list by year'.
 - A list of schools for the '20-21' school year is shown: 20-21 Abbott Elementary, 20-21 Bryant Elementary, 20-21 Chowen Middle, 20-21 Drew Middle, 20-21 Ewing High, and 20-21 Fremont High.

At the bottom of the screenshot, the text 'Student Participation End of Year' is displayed in a light gray font.

Report Logic

A student is included in the report when at least ONE of the following is true:

- At least one date - Special Ed Start Date, Special Ed End Date - falls within the reporting period. OR
- The student has an active and locked IEP AND at least one date of the plan falls within the reporting period. OR
- The student has an active and locked Evaluation AND at least one date of the plan falls within the reporting period.
 - If a student has an active and locked Evaluation with Part C Referral of 06 AND Eligibility & Services of 04 during the reporting period AND has an IEP with Services that were active during the reporting period, then the most recent service IEP is used to calculate the Service Hours per Week, Total School Hours per Week, Extended School Year Services. See the [Hours of Service](#) table for conversion values.

Only one record per administrative unit code reports for the student.

Records are not included when:

- The student's enrollment record is marked as a No Show.
- The enrollment record is marked as State Exclude.
- The Grade Level of enrollment is marked as State Exclude.
- The Calendar selected is marked as State Exclude.

Students who have an ILP or other plan type that is not an IEP are NOT included in this report.
