Evaluations are used to document the student's educational needs and the student's determination of eligibility for special education. This document describes each editor, the section(s) of the print format that include the entered information, a description of each field on the editor, and any special considerations and instructions for using the editor and fields.

**An evaluation must be created whether or not the student is determined to have a disability.** A copy of the evaluation summary report, including the documentation of eligibility, is given to the student's parents by the school district.

The current format of this document is the **HI Eval 2022**. Evaluation formats are selected in the [Eval Types](#) tool.

## Editor Home

The Editor Home lists the editors available on the student's Evaluation and the Modification and Completion information.

<b>Next</b>	Navigates the user to the next editor.

## Editor Types

There are two types of editors available: List or Basic editors. When navigating to a Basic editor, the list of fields within the editor display. List editors display a list of all records within that editor. Clicking an existing record or the New button opens the detail view for an individual record. An example list editor is the Individual Conference Announcement editor.

## Padlock Icon

Only one user at a time can actively work on an editor. A person with a padlock icon  displays in the Editors side panel, Editor Home, and List Screen of list editors indicating which editors currently have users working on them. Hovering over the icon displays the name of the user who has checked out the editor, including the current user (you).

Editors that are currently being edited are read only for all other users. The name of the person working on the editor displays in the header. Once the editing user navigates away from an editor, that editor becomes available for others to work on.

## Template Banks

Certain fields within several editors have a paper icon  displays next to their name. When the icon is clicked, a side panel displays with the available library of predetermined text for that field. [Template Banks](#) are managed in System Administration.

## Reason for Referral

The Reason for Referral editor is used to document the reason the student was referred to be evaluated.

**Reason for Referral**

*This section must be completed to summarize ALL data reviewed and assessment results. This information must draw upon information from a variety of sources, and must be documented and carefully considered. Integration and interpretation of data should be summarized and support the basis for making the determination. It should describe the child's strengths, limitations in the area of concern and the disability worksheet MUST be completed after discussing findings. The worksheet is a part of the Evaluation Summary Report. This is a required document that is to be provided to the parent and MUST be written in a manner that is easy for parents to understand.*

**Reason(s) for Referral**

## Summary and Interpretation of Evaluation Data

Integrate and interpret evaluation data by describing relevant key findings across areas reviewed

and assessed related to the area(s) of concern. All data summarized (test results, observations, interviews, etc.) MUST be relevant and related to the referral and suspicion of a disability. Performance must be described. Do NOT just re-state/list every assessment/observation completed. Limit the use of jargon. State findings in language that is understandable to all team members, including the parent.
