The KIDS Collection SMSC Extract report gathers information on small districts eligible for Rural Education Achievement Program (REAP) funding. Data is not related to Title 1 Programming.

Information reported in this extract are reported up to **December 2** of the selected school year. The **Data to Filter Date** auto-populates to December 1.

## Report Logic

See the [KIDS Collection Extracts](#) article for general reporting logic.

Districts with an Average Daily Attendance of 3,000 students or less and that have a Common Core of Data code of 6, 7 or 8 may be eligible for additional REAP grant funding. For this reason, records for students in grades K-12 who are enrolled any time between the first day of school and

December 3 are included in the SMSC collection.

This extract only reports enrollment records that are active within the Reporting Range entered on the Extract Editor (Data Filter From Date, Data Filter To Date). If the Enrollment Start Date or Enrollment End Date fall on the day of the reporting range (Data Filter From Date and Data Filter To Date is the same), the enrollment is included.

One record per enrolled student reports from the selected calendar for the entered Reporting Range.

Students do not report when:

- The Enrollment record is marked as State Exclude or No Show.
- The Calendar of Enrollment is marked as State Exclude.
- The Grade Level of Enrollment is marked as State Exclude.
