

Immunization Rules (Maine) [.2148 - .2231]

Last Modified on 10/22/2022 10:52 am CDT

You are viewing a previous version of this article. See [Immunization Rules \(Maine\)](#) for the most current information.

[Immunization Rules](#) | [DTap](#) | [Polio](#) | [MMR](#) | [Hep B](#) | [Hib](#) | [Pneumococcal](#) | [Varicella](#) | [Tdap](#) | [Meningococcal \(MCV4\)](#)

Classic Path: [System Administration](#) > [Health](#) > [Vaccines](#)

Search Terms: [Vaccines](#)

Health vaccines and their associated compliance listings are based on state guidelines. While Infinite Campus maintains standard guidelines for all states, districts have the ability to enter additional compliances. The following information describes vaccine compliance rules as defined by the Maine State Department of Health.

For more information on the creation, modification or deletion of vaccine compliances, see the [Vaccines](#) page.

Immunization Rules

The following tables describe Idaho immunization requirements per vaccine.

DTap

Rule	Requirement
0-14 months <i>No Requirements</i>	Students 14 months old or younger are not required to receive any doses of the Diphtheria-tetanus-pertussis (DTaP, DTP) vaccine.
15-35 months <i>Compliant</i>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 15 months old and no older than 35 months, the student is in state grade: PR: 4 Year Old Program or PK: Pre Kindergarten, and the student receives three doses of the Diphtheria-tetanus-pertussis (DTaP, DTP) vaccine.

Rule	Requirement
36 months and older Compliant	<p>The student is considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> the student is at least 36 months (3 years) old, the student is in state grade: PR: 4 Year Old Program or PK: Pre Kindergarten, and the student receives four doses of the Diptheria-tetanus-pertussis (DTaP, DTP) vaccine.
5 doses Compliant	<p>The student is considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> the student is in state grade: KG: Kindergarten, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, or 12, the student receives five doses of the Diptheria-tetanus-pertussis (DTaP, DTP) vaccine, the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, the difference between the third dose and the previous is greater than 28 days with a 4 day tolerance, and the difference between the fourth dose and the previous is greater than 6 months with a 4 day tolerance.
4 doses Compliant	<p>The student is considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> the student is in state grade: KG: Kindergarten, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, or 12, the student receives four doses of the Diptheria-tetanus-pertussis (DTaP, DTP) vaccine, the difference between the first dose and the student's birthdate is greater than 42 days with a 4 day tolerance, the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, the difference between the third dose and the previous is greater than 28 days with a 4 day tolerance, the difference between the fourth dose and the previous is greater than 6 months with a 4 day tolerance, and the difference between the fourth dose and the student's birthdate is greater than 48 months with a 4 day tolerance.

Rule	Requirement
3 doses Td Compliant	<p>The student is considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> the student is in state grade: KG: Kindergarten, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, or 12, the student receives three doses of the Tetanus-diphtheria (Td) vaccine, the difference between the first dose and the student's birthdate is greater than 84 months with a 4 day tolerance, the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, and the difference between the third dose and the previous is greater than 6 months with a 4 day tolerance.

Polio

Rule	Requirements
0-5 months No Requirement	Students 5 months old or younger are not required to receive any doses of the Polio (IPV, OPV) vaccine.
6-35 months Compliant	<p>The student is considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> the student is at least 6 months old and no older than 35 months old, the student is in state grade: PR: 4 Year Old Program or PK: Pre Kindergarten, and the student receives two doses of the OPV, IPV, or combined IPV, OPV Polio vaccine.
36 months and older Compliant	<p>The student is considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> the student is at least 36 months (3 years) old, the student is in state grade: PR: 4 Year Old Program or PK: Pre Kindergarten, and the student receives three doses of the OPV, IPV, or combined IPV, OPV Polio vaccine.

Rule	Requirements
4 doses Compliant	<p>The student is considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> the student is in state grade: KG: Kindergarten, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, or 12, the student receives four doses of the OPV, IPV, or combined IPV, OPV Polio vaccine, the difference between the first dose and the student's birthdate is greater than 42 days with a 0 (zero) day tolerance, the difference between the second dose and the previous is greater than 28 days with a 0 (zero) day tolerance, the difference between the third dose and the previous is greater than 28 days with a 0 (zero) day tolerance, and the difference between the fourth dose and the previous is greater than 28 days with a 0 (zero) day tolerance.
3 doses IPV Compliant	<p>The student is considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> the student is in state grade: KG: Kindergarten, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, or 12, the student receives three doses of the IPV or combined IPV, OPV Polio vaccine, the difference between the first dose and the student's birthdate is greater than 42 days with a 0 (zero) day tolerance, the difference between the second dose and the previous is greater than 28 days with a 0 (zero) day tolerance, the difference between the third dose and the previous is greater than 28 days with a 0 (zero) day tolerance, and the difference between the third dose and the student's birthdate is greater than 48 months with a 0 (zero) day tolerance.
3 doses OPV Compliant	<p>The student is considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> the student is in state grade: KG: Kindergarten, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, or 12, the student receives three doses of the OPV or combined IPV, OPV Polio vaccine, the difference between the first dose and the student's birthdate is greater than 42 days with a 0 (zero) day tolerance, the difference between the second dose and the previous is greater than 28 days with a 0 (zero) day tolerance, the difference between the third dose and the previous is greater than 28 days with a 0 (zero) day tolerance, and the difference between the third dose and the student's birthdate is greater than 48 months with a 0 (zero) day tolerance.

MMR

Measles-Mumps-Rubella

Rule	Requirements
0-14 months No Requirements	Students 14 months old or younger are not required to receive any doses of the Measles-Mumps Rubella (MMR) vaccine.
1 dose MMR Compliant	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> • the student is in state grade: PR: 4 Year Old Program or PK: Pre Kindergarten, and • the student receives one dose of the Measles-Mumps Rubella (MMR) or Measles-Mumps-Rubella-Varicalle (MMRV) vaccine.
1M 1M 1R Compliant	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> • the student is in state grade: PR: 4 Year Old Program or PK: Pre Kindergarten, • the student receives one dose of the Measles vaccine, • the student receives one dose of the Mumps, vaccine, and • the student receives one dose of the Rubella vaccine.
2 doses MMR Compliant	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> • the student is in state grade: KG: Kindergarten, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, or 12, • the student receives two doses of the Measles-Mumps Rubella (MMR) or Measles-Mumps-Rubella-Varicalle (MMRV) vaccine, • the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, and • the difference between the second dose and previous is greater than 28 days with a 4 day tolerance.

Rule	Requirements
<p>1MMR 1M 1M 1R Compliant</p>	<p>The student is considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is in state grade: KG: Kindergarten, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, or 12, • the student receives two doses of the Measles, Measles-Mumps Rubella (MMR), or Measles-Mumps-Rubella-Varicalle (MMRV) vaccine, <ul style="list-style-type: none"> ◦ the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, ◦ the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, OR • the student receives two doses of the Mumps, Measles-Mumps Rubella (MMR), or Measles-Mumps-Rubella-Varicalle (MMRV) vaccine, <ul style="list-style-type: none"> ◦ the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, ◦ the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, OR • the student receives two doses of the Rubella, Measles-Mumps Rubella (MMR), or Measles-Mumps-Rubella-Varicalle (MMRV) vaccine, <ul style="list-style-type: none"> ◦ the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, and ◦ the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance.
<p>2M 2M 2R Compliant</p>	<p>The student is considered compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is in state grade: KG: Kindergarten, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, or 12, • the student receives two doses of the Measles vaccine, <ul style="list-style-type: none"> ◦ the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, ◦ the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, OR • the student receives two doses of the Mumps vaccine, <ul style="list-style-type: none"> ◦ the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, ◦ the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance, OR • the student receives two doses of the Rubella vaccine, <ul style="list-style-type: none"> ◦ the difference between the first dose and the student's birthdate is greater than 12 months with a 4 day tolerance, and ◦ the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance.

Hep B

Hepatitis B

Rule	Requirements
0-14 months <i>No Requirement</i>	Students 14 months old or younger are not required to receive any doses of the Hepatitis B vaccine.
36 months and older <i>No Requirement</i>	Students 36 months (3 years) and older are not required to receive any doses of the Hepatitis B vaccine.
15-35 months <i>Compliant</i>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 15 months old and no older than 35 months old, and the student receives three doses of the Hepatitis B vaccine.

Hib

Haemophilus influenza

Rule	Requirements
0-14 months <i>No Requirements</i>	Students 14 months old or younger are not required to receive any doses of the Haemophilus influenza (Hib) vaccine.
18 months and older <i>No Requirements</i>	Students 18 months old or older are not required to receive any doses of the Haemophilus influenza (Hib) vaccine.
15-17 months <i>Compliant</i>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 15 months old and no older than 17 months old, and the student receives three doses of Haemophilus influenza (Hib) vaccine.

Pneumococcal

Rule	Requirements
0-14 months <i>No Requirements</i>	Students 14 months old or younger are not required to receive any doses of the Pneumococcal (PPV) vaccine.
18 months and older <i>No Requirements</i>	Students 18 months old or older are not required to receive any doses of the Pneumococcal (PPV) vaccine.
15-17 months <i>Compliant</i>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is at least 15 months old and no older than 17 months old, and the student receives four doses of Pneumococcal (PPV) vaccine.

Varicella

Rule	Requirements
0-11 months <i>No Requirements</i>	Students 11 months old or younger are not required to receive any doses of the Varicella vaccine.
1 dose <i>Compliant</i>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student receives one dose of the Varicella vaccine, and the difference between the first dose and the student's birthdate is less than 12 months with a 4 day tolerance.
2 doses K-12 <i>Compliant</i>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student receives two doses of the Varicella vaccine, the student is in state grade(s): KG, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12, the difference between the first dose and the student's birthdate is less than 12 months with a 4 day tolerance, and the difference between the second dose and the previous is greater than 28 days with a 4 day tolerance.
Default K-12 <i>Non-Compliant</i>	Students in state grade(s): KG, 01, 02, 03, 04, 05, 06, 07, 08, 09, 10, 11, 12, who have not received any doses of the Varicella vaccine are considered non-compliant.

Tdap

Tetanus, Diphtheria and Acellular Pertussis [Tdap]

Rule	Requirement
1 dose Compliant	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade: 07, 08, 09,10, 11, 12 and the student receives one dose of the Tetanus, Diphtheria and Acellular Pertussis (Tdap) vaccine.
No doses Non-Compliant	The student is considered non-compliant if the student is in state grade: 07, 08, 09, 10, 11, 12, and the student does not receive any doses of the Tetanus, Diphtheria and Acellular Pertussis (Tdap) vaccine.

Meningococcal (MCV4)

Rule	Requirement
1 dose Compliant <i>Active Start</i> <i>Date: 8/1/18</i>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade: 07, 08, 09, 10, 11, 12 and the student receives one dose of Meningococcal (MCV4) vaccine.
2 dose Compliant <i>Active Start</i> <i>Date: 8/1/18</i>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade: 12, the student receives two doses of Meningococcal (MCV4) vaccine, the difference between the last dose and the student's birthdate is greater than 192 months with a 4 day tolerance, and the difference between the last dose and the previous is greater than 56 days with a 4 day tolerance.
1 dose 16+ Compliant <i>Active Start</i> <i>Date: 8/1/18</i>	The student is considered compliant if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade: 12, the student receives one dose of Meningococcal (MCV4) vaccine, and the difference between the first dose and the student's birth date is greater than 192 months with a 4 day tolerance.
1 dose In Progress <i>Active Start</i> <i>Date: 8/1/18</i>	The student is considered in progress if the following conditions have been met: <ul style="list-style-type: none"> the student is in state grade: 12, the student receives one dose of Meningococcal (MCV4) vaccine, and the difference between the last dose and the effective date is less than 56 days with a 4 day tolerance.

Rule	Requirement
<p>Default 7, 8, 12 Non-Compliant <i>Active Start</i> <i>Date: 8/1/18</i></p>	<p>The student is considered non-compliant if the following conditions have been met:</p> <ul style="list-style-type: none"> • the student is in State Grades: 07, 08, 09, 10, 11, 12 and • the student does not receive any doses of the Meningococcal (MCV4) vaccine.
