MOSIS Pre-Code Extract - ACT: ACT

Report Logic

One record per 11th grade student reports. If the student has more than one primary enrollment with the same FTE and the same enrollment type in different schools, the latest school enrollment

reports. The enrollment with the highest Percent Enrolled (out of 100) reports as of the effective date of report generation.

- If there are multiple enrollments with an equal percent enrolled value, the P: Primary enrollment reports.
 - If there is no primary enrollment, the S: Partial enrollment reports.
 - If there is no partial enrollment, the N: Special Ed Services enrollment reports.
- If there are multiple enrollments with the same date after the above logic, the enrollment with the highest enrollment ID reports.

Enrollments are included when the enrollment start date is before or equal to the entered Effective Date and enrollment end date is after or equal to the entered effective date.

Students in 11th grade are NOT included in this extract if:

- The enrollment record is marked as No Show or State Exclude.
- The grade level is marked as State Exclude.
- The calendar of enrollment is marked as State Exclude.
