Extract Editor Field Descriptions | School Entry Exit Extract Layout

Classic View: NY State Reporting >SIRS Extracts > School Entry Exit

Search Term: SIRS Extract

The SIRS School Entry Exit Extract reports school enrollment actions, such as entries and exits. Multiple records can report for a single student, as when a student moves to a different building or changes grades during a school year.

To help Districts indicate that a particular student enrollment record has ended because the end of the school year arrived, if an enrollment record is assigned the End Status code **EOY**, **School Exit Date** (column 11) and **School Exit Type Code** (column 12) will report blank.

School Entry Exit Editor

Extract Editor Field Descriptions

Field	Description
Extract Type	The SIRS Extract to be run
Effective Date	The date for which information reports.
Included State Grade Levels	Identifies the state grade levels to include in the report.

Field	Description
Format	The **Format** in which the report should generate. Options are State Format (CSV) and HTML. Use State Format for reporting information to the state and the other types for data review and verification.
Ad Hoc Filter	Selecting a filter limits the results to only those included in the filter.
Column Headers	Indicates whether Column Headers should be included in the report. This dropdown list applies to State Format (CSV).
Generate Extract/ Submit to Batch	Users have the option of submitting a report request to the batch queue by clicking **Submit to Batch** instead of immediately generating the report by clicking **Generate Extract**. The batch process allows larger reports to generate in the background without disrupting the use of Campus. For more information about submitting a report to the batch queue, see the Batch Queue article.
Select Calendars	Identifies which Calendar(s) should be included in the report. Calendars can be sorted by active year, by school or by year.

School Entry Exit Extract Layout

Element Name	Description	Type, Format and Length	Campus Database	Campus Location
DistrictCode	The identification number of the district. The prefix "NY" is added to the district number. For example, if the district number is 662001, the District Code is NY662001.	Numeric, 8 digits	District.number	System Administratio > Resources > District Information > District Number
