The Attendance Register Report is due to the Department of Education after each quarter and again at the end of May.

Attendance Register Report

Report Logic

The report returns attendance data for the selected reporting period (quarter or semester) for the selected calendars. Attendance is calculated as follows:

- **Present** when the total instructional minutes in the day is greater than **200**.
 - Attendance for the AM (first half of the day) is calculated by finding all periods with a Start Time that is on or before the first half of the day (instructional minutes divided by 2).
 - Otherwise, if the student was present 120 minutes or more within the first half of the day, that student is counted as present.
 - Attendance for the PM (second half of the day) is calculated by finding all periods where the End Time is on or after the last half of the day (instructional minutes divided by 2).
 - If the student was present 120 minutes or more within the last half of the day, that student is counted as present.
 - Period minutes are counted for all periods where the student is not marked as Absent or Absent/Exempt.
 - If the student is Absent or Absent/Exempt but a value other than 0 is entered for their Present Minutes on the Attendance tab, those minutes are also counted.
 - If present minutes fall in both halves of the day, present minutes are split evenly between the two day halves.
- **Present** when the total instruction minutes in the day is **200 or less**.
 - The student must be present for at least 120 instructional minutes in the entire day to be considered present for both AM and PM half-day periods.
 - Period minutes are counted for all periods where the student is not marked as Absent or Absent/Exempt.
 - If the student is Absent or Absent/Exempt but a value other than 0 is entered for their Present Minutes on the Attendance tab, those minutes are also counted.
- **Absent** when the total instructional minutes in the day is greater than **200**.
 - Attendance for the AM (first half of the day) is calculated by finding all periods with a Start Time that is on or before the first half of the day (instructional minutes divided by 2).
 - If the Half Day Absence (Minutes) field on the student's Grade Level is populated (or on the Calendar if null), reports as absent if the student was absent for more than that many minutes. Otherwise, if the student was present for less than 120 minutes within the first half of the day, that student is counted as absent.
 - Attendance for the PM (second half of the day) is calculated by finding all periods where the End Time is on or after the last half of the day (instructional minutes divided by 2).
 - If the Half Day Absence (Minutes) field on the student's Grade Level is populated (or on the Calendar if null), reports as absent if the student was absent for more than that many minutes. Otherwise, if the student was present for less than 120 minutes within the last half of the day, that student is counted as absent.

- Period minutes are counted for all periods where the student is not marked as Absent or Absent/Exempt.
- If the student is Absent or Absent/Exempt but a value other than 0 is entered for their Present Minutes on the Attendance tab, those minutes are also counted.
- **Absent** when the total instruction minutes in the day is **200 or less**.
 - If the Whole Day Absence (Minutes) field on the student's Grade Level is populated (or on the Calendar if null), reports as absent if the student was absent for more than that many minutes. Otherwise, a student present for less than 120 instructional minutes in the entire day is considered absent for both AM and PM half-day periods.
 - Period minutes are counted for all periods where the student is not marked as Absent or Absent/Exempt.
 - If the student is Absent or Absent/Exempt but a value other than 0 is entered for their Present Minutes on the Attendance tab, those minutes are also counted.

Only students with a SIF Admission (Student Information > General > Enrollments > SIF Fields > Admission) value of the following are included: OHP1, OHP2, OHP3, OHP4, R, OT, RVON, RVOFF, and FOY.

- If the student is assigned an Admission code that is NOT one of the above, the days are not counted for that student's enrollment.

Report Editor Options

Field	Description
Calendar Reporting Period	The term options associated with the desired calendar selected for the report.
Start Date	The first date of the reporting period from which the data is being extracted. Dates are entered in <i>mmddyy</i> format, or use the calendar icon to select a date.
End Date	The last date of the reporting period from which the data is being extracted. Dates are entered in <i>mmddyy</i> format, or use the calendar icon to select a date.
Select Calendars	The calendars that will be included in the report.
Allow State Excluded Students	The option to include students marked as State Exclude on their enrollment tab.

Field	Description
Grade Level Sort Order	Determines how records are sorted by grade level. Options include the following: <ul style="list-style-type: none"> • FQSR/SAR: reports based on the Code selected for the Grade Level. • Grade Name: reports numeric grades first, then alphabetically. • Grade Sequence Number: reports numerically by sequence.
Format	Generate the report in PDF, CSV, or HTML format.
Ad hoc Filter	Limits students reported to those in an existing Ad hoc Filter .
Display Totals Page	Generates an additional page providing totals by calendar.
Report Generation	The report can be generated immediately using the Generate Report button. It can also be generated at a specific time using the Submit to Batch button. This allows the report to generate in the background and viewed at a later time, which keeps computing resources free for other tasks. To view reports that have been previously generated, you may choose how many reports to display and a date range for when the reports were generated. Selecting Refresh will returns these fields to their default values.

Generate the Attendance Register Report

1. Select the **Reporting Period** from the dropdown list.
2. Enter the **Start Date** for the report.
3. Enter the **End Date** for the report.
4. Select the value for **Allow State Excluded Students**.
5. Select a **Grade Level Sort Order**.
6. Select the desired **Format** of the report.
7. Select an **Ad hoc Filter** to limit students reported.
8. Mark **Display Totals Page** to generate the report with an additional page at the end that provides totals summarized by calendar.
9. Select the **Calendar(s)** to include in the report.
10. Click the **Generate Report** button to view the report in the selected format.
