Button	Description
Next	Navigates the user to the next editor.

Editor Types

There are two types of editors available: List or Basic editors. When navigating to a Basic editor, the list of fields within the editor display. List editors display a master list of all records within that editor. Clicking an existing record or the New button will open the detail view for an individual record. An example list editor is the **Goals and Objectives** editor.

Padlock Icon

Only one user at a time can actively work on an editor. A person with a padlock icon  displays in the Editors side pane, Editor Home, and Master Screen of list editors indicating which editors currently have users working on them. Hovering over the icon displays the name of the user who has checked out the editor, including the current user (you).

Editors that are currently being edited are read only for all other users. The name of the person working on the editor displays in the header. Once the editing user navigates away from an editor, that editor becomes available to work on.

Template Banks

Certain fields within several editors have a paper icon next to their name. When the icon is clicked, a side panel displays with the available library of predetermined text for that field. See the [Template Banks](#) article for additional information.

Special Considerations

The Special Considerations editor describes other factors that may affect the student's progress, including behavioral issues, limited English proficiency, visual or hearing impairment, communication needs, or assistive technology.

Special Considerations IN PROGRESS
Editor 7 of 21

Special Considerations the IEP Team must consider before developing the IEP. Any factors checked as yes must be addressed in the IEP.

Is the student blind or visually impaired? *
 If yes, the IEP must include a description of the instruction in Braille and the use of Braille unless the IEP team determines, after an evaluation of the student's reading and writing skills, needs, and appropriate reading and writing media (including an evaluation of the student's future needs for instruction in Braille or the use of Braille), that instruction in Braille or the use of Braille is not appropriate for the student.

Yes

Is the student deaf or hard of hearing? *
 If yes, the IEP must include a communication plan to address the following: language and communication needs; opportunities for direct communications with peers and professional personnel in the student's language and communication mode; academic level; full range of needs, including opportunities for direct instruction in the student's language and communication mode; and assistive technology devices and services. Indicate in which section of the IEP these considerations are addressed. The Communication Plan must be completed and is available at www.pattan.net.

Yes

Does the student have communication needs? *
 If yes, student needs must be addressed in the IEP (i.e., present levels, specially designed instruction (SDI), annual goals, etc.)

Yes

Does the student need assistive technology devices and/or services? *
 If yes, student needs must be addressed in the IEP (i.e., present levels, specially designed instruction, annual goals, etc.)

Yes

Does the student have limited English proficiency? *
 If yes, the IEP team must address the student's language needs and how those needs relate to the IEP.

Yes

Does the student exhibit behaviors that impede his/her learning or that of others? *
 If yes, the IEP team must develop a Positive Behavior Support Plan that is based on a functional assessment of behavior and that utilizes positive behavior techniques. Results of the functional assessment of behavior may be listed in the Present Levels section of the IEP with a clear measurable plan to address the behavior in the Goals and Specially Designed Instruction sections of the IEP or in the Positive Behavior Support Plan if this is a separate document that is attached to the IEP. A Positive Behavior Support Plan and a Functional Behavioral Assessment form are available at www.pattan.net.

A. Questions for IEP Team

The following questions must be reviewed and discussed by the IEP team prior to providing the explanations regarding participation with student without disabilities.

It is the responsibility of each public agency to ensure that to the maximum extent appropriate students with disabilities, including those in public or private institutions or other care facilities are educated with students who are not disabled. Special classes, separate schooling or other removal of students with disabilities from the general educational environment occurs only when the nature or severity of the disability is such that education in general education classes, even with the use of supplementary aids and services, cannot be achieved satisfactorily.

- What supplementary aids and services were considered? What supplementary aids and services were rejected? Explain why the supplementary aids and services will or will not enable the student to make progress on the goals and objectives (if applicable) in the IEP in the general education class.
- What benefits are provided in the general education class with supplementary aids and services versus the benefits provided in the special education class?
- What potentially beneficial effects and/or harmful effects might be expected on the student with disabilities or the other students in the class, even with supplementary aids and services?
- To what extent, if any, will the student participate with nondisabled peers in extracurricular activities or other nonacademic activities?

Explanation of the extent, if any, to which the student will not participate with students without disabilities in the regular education class:

Educational Environment

The Educational Environment editor identifies the percentage of time the student participates in the regular classroom with individuals with and without disabilities.

Educational Environment NOT STARTED

Special Ed Setting
This value was defined in the Enrollment Status Editor, please make any necessary changes to the Special Ed Setting within the Enrollment Status Editor.
 19: Inside regular class >=80% of the day

Section

Section A: For Students Educated in Regular School Buildings with Non Disabled Peers.
Time spent outside the regular classroom receiving services unrelated to the student's disability (e.g. time receiving ESL services) should be considered time inside the regular classroom. Education time spent in age-appropriate community-based settings that include individuals with and without disabilities, such as college campuses or vocational sites should be counted as time spent inside the regular classroom.

Calculation for this student:
Indicate the percentage of time INSIDE the regular classroom for this student.

Total hours the student spends in the regular classroom per day

Total hours in a typical school day (including lunch, recess and student periods)
