

PIMS Staff Snapshot Template (Pennsylvania) [.2239 -.2243]

Last Modified on 10/22/2022 10:55 am CDT

You are viewing a previous version of this article. See [PIMS Staff Snapshot Template \(Pennsylvania\)](#) for the most current information.

[Report Logic](#) | [Generate the Staff Snapshot Template](#) | [Report Layout](#)

Classic View: PA State Reporting > PIMS Extracts > Staff Snapshot Template

Search Terms: PIMS Extracts

The Staff Template reports each staff member who is actively employed on the Reporting Date entered on the extract editor. This extract reports the same information as the Staff Snapshot Template, except for the Snapshot Date field. One record is submitted per staff member in October, December, March and August.

See the [PIMS Reporting](#) article for additional PIMS Reporting information.

Report Logic

- If the Exclude checkbox is marked on the District Assignment tab, the staff person does not report.
- For the October reporting period, if the District Employment Qualification field on the District Employment editor is populated, the staff person does not report.
- For the June reporting period, all current staff report, including those with the District Employment Qualification field populated.
- When the **Prior Reporting Date** is populated, staff who are no longer employed (District Employment record has an End date) are included in the report, in addition to current staff (District Employment record does not have an End Date). The End Date must be within the date range between the Effective Date and the Prior Reporting Date.
- When the **Prior Reporting Date** is NOT populated, only current staff (District Employment record does not have an End Date) are included in the report.

Generate the Staff Snapshot Template

1. Select **Staff Snapshot Template** from the **Extract Type** from the dropdown list.
2. Select the desired **Reporting Period**.
3. Enter the **Effective Date** of the extract in *mmddyy* format or use the calendar icon to select a date.
4. Enter the **Prior Reporting Date** of the extract in *mmddyy* format or use the calendar icon to select a date.
5. Select the **Format** of the extract.
6. Select a **Staff Ad hoc Filter**, if desired.
7. Select the appropriate **Calendar(s)** from which to include data on the extract.

- Click the **Generate Extract** button or the **Submit to Batch** button, if available. The extract displays in the selected format.
