

Propose an Activity, No Preapproval (Activity Dashboard)

Last Modified on 05/25/2023 8:49 am CDT

The Activity Dashboard can be used by staff members to propose an activity, such as a field trip or club and submit it for approval. Staff members can also use the activity dashboard to view information about activities they are associated with. Learn how to create a proposal, define eligible students, selecting related forms, and submit the proposal for approval.
