Snapshot Deletion - Start Here

Last Modified on 03/17/2026 9:46 am CDT

The Snapshot Deletion Tool allows district users to request that a snapshot submitted for a state report - LCS, PMR, etc. - be deleted. The state user can either approve the request or deny the request, then archive the request.

How-To Guides
- District Edition - Request a Snapshot for Deletion   - State Edition - Process a Snapshot Deletion Request
